

Personal Enrichment Program presents

Intro to Middle School 101 6th Grade!!!!!!

Prevent summer slide and gear up for middle school! Challenge yourself this summer and immerse yourself in school culture here at Revere before the school year even starts. This summer enrichment program is designed to prepare students for the rigors of middle school and alleviate your fear of the unknown. Students will receive a variety of instruction that is designed to close the gap between what they learned in elementary school and what they'll learn in middle school. Familiarize yourself with the layout of the school, improve organizational skills, practice opening lockers, make new friends, and so much more. This is the 4th year of this program. Don't miss this great opportunity to learn everything you need to know about middle school life before the first day of school!!
