

Paul Revere Charter Middle School and STM Magnet is home to 2100 Patriots representing over 100 zip codes. Situated on 27.5 acres of lush greenery in Brentwood California, Revere has enjoyed over 60 years of preparing students for a future of endless opportunities. With an emphasis on academic excellence and character development, Revere stands out as a premiere middle school in Los Angeles Unified School District.

Students at Paul Revere Middle School STM Magnet follow a comprehensive and academically enriched core curriculum in the four content areas of Math, Science, Language Arts, and Social Science, with a special emphasis on Science, Technology, and Math (STM). Our distinguished staff of seasoned teachers and Nationally Board Certified instructors, create a rigorous, standards based curriculum that is designated to provide all students with a challenging and energetic learning environment. Revere expects academic excellence and provides a scaffold for the development of personal qualities and skills needed for success.

Because Revere understands transitioning to Middle School can be a daunting event for both the student and the family, we offer a Spring event for all incoming families. At “Ready Set Revere” parents will have an opportunity to receive all of the necessary information and students will have an opportunity to meet each other during this informative, fun-filled day. We also offer a Summer Bridge Program for all interested incoming students. Our Magnet is a small learning community (450 students), whereby teachers and staff can meet the needs of the “whole child” rather than focus on academics in isolation. This too is especially beneficial to our incoming 6th graders.

The Revere Magnet Advantage

- Small Learning Community
- 6th Grade Core Curriculum classes are taught as single subjects
- One to one iPad school
- Part of a high achievement, academically motivated campus
- Accelerated Math program available
- 6th Grade partners with UCLA’s Engineering Department
- Classrooms utilize Jupiter Grades and Google Classroom
- Award winning Music program (Orchestra, Band, and Choir)
- PEP Sports Program (only school which competes with the private school circuit Delphic League)
- Outstanding student-lead Leadership Program
- Cross-curricular projects with an emphasis on Science, Math, and Technology
- Farm on campus including a pre-vet program
- Wide variety of electives
 - Robotics, Digital Photography, Digital Media, Agriculture, Coding
- Wide variety of Lunch clubs
 - Community Service Club, GSA, Poetry, Ping Pong, Sign Language, Hebrew, and more...
- Homework Help Club
- Community service opportunities
- Middle School Transition Programs
 - Ready Set Revere, Summer Bridge
