

**Paul Revere Parent Meeting
March 16, 2018**

Dori & Keri:

Water fountains and raise the paddle still online to donate, can also donate during Open House.

Parent question regarding safety: What is being done? Funds for cameras? What to do?

Answer: We have cameras and Pali Patrol. Campus is open so metal detectors won't be sufficient. (They will for a good portion of the campus.)

School safety is a huge priority and on the agenda. We are looking into any and all options - it is a TOP PRIORITY.

Donate to Revere Cares for Children in need over Spring Break.

Mr. Shebata: Math Pathways

Math assessment will take place at the end of 6th grade. Algebra 1 foundation needs to be strong.

Must have excellent note taking ability and maturity as well as knowledge of Algebra.

If you get a C in this class you must redo.

Must be in Algebra 1 in 8th grade to be in honors Science in 9th.

No math requirement at Paul Revere for Science courses.

*April 9th: Intro to Pali Night.
