

REVERE MS

LOS ANGELES UNIFIED SCHOOL DISTRICT

2020 - 2021

VOL. 2 | WEEK 8

OCT 9, 2020

Hispanic Heritage Month

September 15-October 15

Man One has been into art since he was a little kid. Born in East Los Angeles to a working-class, Mexican immigrant family, he got into hip-hop as a middle schooler and was so enthused by it, he thought he might become a DJ or a break dancer. But that was before he found graffiti. He honed his talents as a fine artist and understanding of art history at Loyola Marymount University where he earned his Bachelor's Degree in Fine Arts.

His talents have been displayed at the Getty, MOCA LA, LACMA and even the Smithsonian Institute in Washington DC. His artistry is not limited to the US as he has traveled and conducted workshops in Japan, Germany, Mexico and North Ireland.

Man One believes in the transformational power of art and its power to save lives and make the world a better place. Man One believes art gives mankind an essential and irreplaceable cultural language in which to express and know itself. Man One believes art can transcend cultural and socio-economic barriers, fostering understanding, mutual respect and unity among disparate peoples.
